Summary
Data analyst with five years in logistics and retail reporting. I turn messy operational data into weekly reports that managers act on, and I check every figure against its source before it goes out.

Experience
Data Analyst, a freight company, Cape Town 2022 to now
- Built the weekly on-time delivery report in SQL and Power BI.
- Cut month-end reconciliation from three days to one.
- Trained four colleagues to maintain the reports.
Reporting Assistant, a retail chain, Cape Town 2019 to 2022
- Produced daily sales and stock reports for 40 stores.
- Found and fixed a double-counting fault in returns.

Education
BCom Statistics, 2018

Skills
SQL, Power BI, Python, Excel, Data cleaning, Reconciliation
